AIMS OF TEACHING SYLLABUS

The overarching aim of the *EL Syllabus 2020* is to develop effective and affective language use in students in the following areas:

1. Listen to, read and view critically and with accuracy, understanding and appreciation a suitable range of literary and informational texts in standard English from print, non-print and digital networked sources.
2. Speak, write and represent in standard English that is grammatical, fluent, intelligible and appropriate for different purposes, audiences, contexts and cultures.
3. Use standard English grammar and vocabulary accurately and appropriately, and understand how speakers/writers put words together and use language to communicate meaning and achieve impact.
4. Use English with impact, effect and affect.

These aims, taken from *English Language Teaching and Learning Syllabus 2020: Primary (Foundation) & Secondary (Normal [Technical])*, p.9, form the broad basis of a course of study; they may not all be translated into Assessment Objectives for formal examination.
