Crest Secondary School and Spectra Secondary School

9. Crest Secondary School and Spectra Secondary School are specialised schools that admit students eligible for the Normal (Technical) course. The schools offer a customised whole-school approach to suit the learning needs of its students. Apart from offering English Language, Mother Tongue Language and Mathematics as part of a four-year Normal (Technical) secondary school education, students in Crest Secondary School and Spectra Secondary School will be able to specialise in one of four ITE Skills Certificate courses at the upper secondary level, namely Hospitality Services, Retail Services, Facility Services and Mechanical Servicing.

10. Students who are eligible for the Normal (Technical) course and interested to study in Crest Secondary School or Spectra Secondary School should apply directly to these two schools from 11.00am on 21 November 2014 until 12.00pm on 25 November 2014. Students are required to submit a single application form to their preferred school (out of these two schools) and can indicate whether they are willing to be considered for posting to the other school if they are not admitted into their preferred school. Separately, these students are still required to indicate their choices for other secondary schools under the S1 Posting Exercise. This would ensure that these students will be posted to another school of their choice if they are not admitted into Crest Secondary School or Spectra Secondary School. Students successfully admitted into Crest Secondary School or Spectra Secondary School will be informed by the schools via letter and SMS by 13 December 2014. Application forms for these two schools will be available from primary schools when students receive their results, or from these two schools' websites (<http://www.crestsec.edu.sg> and <http://www.spectra.edu.sg>). More information on Crest Secondary School and Spectra Secondary School can be found on the schools' websites or the information booklet entitled "Choosing Your Secondary Schools".
