

PRESS RELEASE

Ministry of Education
SINGAPORE

22 February 2019

RELEASE OF THE 2018 SINGAPORE-CAMBRIDGE GENERAL CERTIFICATE OF EDUCATION ADVANCED LEVEL (A-LEVEL) EXAMINATION RESULTS

1. Students who sat for the 2018 Singapore-Cambridge General Certificate of Education (GCE) Advanced Level (GCE A-Level) examinations collected their results today¹.
2. The comparative numbers of the 2018 and 2017 A-Level examinations for school candidates are as follows.

Year	Number of candidates	At least 3 H2 passes, with a pass in General Paper (GP) or Knowledge and Inquiry (KI)	
		No.	Percentage
2018	13,042	12,170	93.3%
2017	12,502	11,624	93.0%

3. As announced earlier this month, A-Level graduates who are looking to further their studies at the polytechnics can now be exempted from one semester of polytechnic studies for more than 110 courses (refer to [Annex A](#)). With this change, A-Level graduates who are not enlisting in National Service can enter the polytechnics in the same year that they receive their A-Level results, plus graduate with a polytechnic diploma one year earlier (refer to [Annex B](#)). Interested applicants can apply to the polytechnics directly in mid-August 2019. More details can be found on the respective polytechnics' websites.
4. Those who are interested in applying to the Autonomous Universities can apply directly via the respective universities' websites.

¹ The University of Cambridge International Examinations (CIE), the Ministry of Education, Singapore and the Singapore Examinations and Assessment Board (SEAB) are the joint examining authorities for the Singapore-Cambridge General Certificate of Education Advanced Level Examinations.

CHANGES TO POLYTECHNIC ADMISSIONS FOR A-LEVEL GRADUATES

*Currently, most A-Level graduates apply for and enrol in a polytechnic in the year following the release of their A-Level results, as the bulk of polytechnic admissions would have closed by the time the GCE A-Level examination results are released. As such, an A-Level graduate from the 2018 cohort who received his/her results in February 2019 would graduate from polytechnic in 2023. With the changes, the same individual would graduate in 2022 instead.
